Comment:

Died, after seven days illness, from a violent attack of pneumonia fever, W. O. Browning, aged 34 years, 5 months and 19 days. Thus the angel of death has invaded the home of a good family and claimed for its victim a dear companion, a loving father, as well as a valuable neighbor and citizen. Otto was a constant member of the M. E. Church, having united with the same some four years ago. What a consolation it is for all of us to know that he left bright evidence that the way was clear and that all was well, for he said, just a few hours before separation took place, "I'm going up there; I'm going home to meet and see mother." How consoling it is for all to know that to live right is to die in Christ. The subject of this sketch and Nora C. Smallwood were united in marriage December 3rd, 1882. Three sons were born to bless this happy union. The thought is and it is full of truth, that while in the midst of life we are in death. We can't call Otto back. His place around his sorrowing family circle is vacant; vacant only till they are summoned one by one to form another family circle in Heaven. A companion and three little boys with one brother and four sisters are now in the midst of sorrow and affliction. They have the sympathy of all in this their saddest hour. The funeral service was conducted at the M. E. Church in Brownstown, Wednesday, the 10th, inst., after which interment took place in the Brownstown cemetery. GRUEL.
